- Website Liaison assist with organizing the "consent to have pictures on website" forms, various pictures of teams, pictures of tournament results
- Advertising and Program Assistant help with getting solicitation letters out to local businesses asking for advertising dollars, following up and collecting money, and assisting with the creation of our tournament booklets, including collating, stapling and delivering books
- Referee Liaison will create a schedule and call all available referees to book them for the three tournaments. Will also be in charge of making sure they get paid, and documenting those that donate their money back to the organization
- Book and Clock Supervisors will create a schedule and call all book and clock volunteers. Will ensure there is a backup for each schedule and will sit behind them in an official role, in case there are questions regarding the rules.
